

# Training courses offered by STI Korea

26-Aug-08

## I. Regular Courses

No	Name of course	length	level of target audience	frequency
1	Basic statistics theory and practice	5 days	beginning level	3 times a year
2	Intermediate statistics I (sample design practice)	5 days	intermediate	2 times a year
3	Intermediate statistics II (survey planning)	5 days	intermediate	2 times a year
4	Advanced economic statistics	5 days	advanced	1 time a year
5	Advanced social statistics	5 days	advanced	1 time a year
6	Statistics quality management	3 days	intermediate	1 time a year
7	Administrative management in statistics	5 days	intermediate	2 times a year
8	Statistics production practice	5 days	intermediate	1 time a year
9	Basic statistics & utilization	5 days	beginning level	5 times a year
10	Interview techniques for statistical survey	3 days	beginning level	2 times a year
11	Designing theory of survey questionnaire	5 days	intermediate	1 time a year
12	Test for social survey analyzer(theory)	5 days	intermediate	2 times a year
13	Test for social survey analyzer(practice)	5 days	intermediate	1 time a year
14	Understanding financial statements	3 days	beginning level	3 times a year
15	Industry classification	5 days	beginning level	2 times a year
16	Vocation classification	3 days	beginning level	2 times a year
17	System of national account	4 days	beginning level	1 time a year
18	Understanding inter industry relation table	2 days	beginning level	1 time a year
19	Statistics and policy	3 days	beginning level	1 time a year
20	Understanding demographic statistics	5 days	beginning level	1 time a year
21	Index theory	5 days	intermediate	1 time a year
22	Time series analysis	5 days	advanced	1 time a year
23	Lecturer training program	2 days	advanced	1 time a year
24	Use of statistical DB system	5 days	intermediate	2 times a year
25	SAS(basic programming)	3 days	beginning level	3 times a year
26	SAS(Macro & SQL)	3 days	beginning level	1 time a year
27	SAS(basic statistics)	5 days	beginning level	2 times a year
28	SAS(data analysis)	5 days	intermediate	2 times a year
29	SPSS(basic)	5 days	intermediate	5 times a year

30	SPSS(data analysis)	5 days	intermediate	2 times a year
31	SPSS(question survey practice)	5 days	intermediate	2 times a year
32	Statistical analysis using Excel	3 days	beginning level	4 times a year
33	Basic IT	5 days	beginning level	4 times a year
34	Excel basic	3 days	beginning level	4 times a year
35	Excel intermediate	5 days	intermediate	2 times a year
36	VB Excel macro programming	5 days	advanced	2 times a year
37	Designing/Creating website	5 days	beginning level	4 times a year
38	Advanced web design	5 days	advanced	2 times a year
39	Powerpoint	3 days	beginning level	4 times a year
40	Enhancing Presentation techniques	5 days	intermediate	4 times a year
41	Access	5 days	intermediate	2 times a year
42	Statistical class for children	1 day	beginning level	10 times a year
43	Statistical academy for middle school students	3 days	beginning level	2 times a year
44	Statistics program for Univ. students	3 days	beginning level	2 times a year
45	Statistics course for journalists	-	beginning level	1 time a year

## II. E-learning Courses(cyber course)

No	Name of course	length	level of target audience	frequency
1	Statistical thinking	25 days	beginning level	8 times a year
2	Statistics analysis using SPSS	27 days	intermediate	5 times a year
3	Statistics analysis using Excel	21 days	intermediate	5 times a year
4	Time series analysis and practice	20 days	advanced	3 times a year
5	Survey methodology basic	17 days	intermediate	5 times a year
6	Sample design basic	21 days	intermediate	3 times a year
7	Industry classification	21 days	intermediate	8 times a year
8	Vocation classification	20 days	intermediate	8 times a year
9	SAS application	26 days	intermediate	5 times a year
10	Financial statement practice	26 days	intermediate	5 times a year
11	Regression analysis basic	26 days	intermediate	5 times a year
12	Active economic population survey	8 days	intermediate	8 times a year
13	Mining and manufacturing survey	14 days	intermediate	8 times a year
14	Manufacturing production capacity and operation ration survey	8 days	intermediate	8 times a year

15	Household economy survey	14 days	intermediate	8 times a year
16	Wholesale/retail survey	9 days	intermediate	8 times a year
17	Farm household economy survey	25 days	intermediate	8 times a year
18	Fishery household economy survey	15 days	intermediate	8 times a year
19	Consumer price survey	15 days	intermediate	8 times a year
